

62-4978/1

13 July 1962

MEMORANDUM FOR:

Herewith the memorandum on manpower which Gen. Carter approved last week. It should be signed and distributed as quickly as possible if the Task Force is to have any chance of completing its review by the end of the summer. The Task Force is going to work with considerable diligence and Dan, in fact, thinks it possible that we can have a useful report by at least the first of September. Both he and  are postponing their vacations and I hope that it will be possible to get them started on their way with an official blessing as soon as possible.

JOHN A. BROSS  
Comptroller
